# Inspiring Quotes

Believe in yourself and all that you are.  
Know that there is something inside you  
that is greater than any obstacle.

# Cyber Security.

## TASK LIST

CodeAlpha offers internship opportunities in the field of cyber security, providing you with a chance to become a skilled and hands-on cyber security professional. We will provide you projects, allowing you to tackle real-world cyber security challenges and apply your knowledge effectively..

# TASK 1

## BASIC NETWORK SNIFFER

Build a network sniffer in Python that captures and analyzes network traffic. This project will help you understand how data flows on a network and how network packets are structured.

# TASK 2

## PHISHING AWARENESS TRAINING

Create a presentation or online training module about phishing attacks. Educate others about recognizing and avoiding phishing emails, websites, and social engineering tactics

# **SUBMISSION DETAILS**

You will have to provided a task submission for each task(weekly task)

It's essential for each intern to complete all the assigned tasks in 3 month. If someone completes only two or three tasks, their internship may be considered incomplete or certificate will not be provided, So Please make sure to fulfill all the tasks assigned to you and submit in Submission form to ensure a successful Internship.
